

# THANK YOU FOR YOUR KINDNESS!

We appreciate your efforts in fundraising and selecting wonderful bedside activity items for the patients and families to enjoy all year round during their time spent in the American Family Children's Hospital.

Your generous and **AMAZING!** donation will bring joy and bright smiles to many of our patients and families!

These much-loved items will help our patients and let them know that even though they are in the hospital, they can still create, craft and play like kids!

You can be very proud of your efforts and the impact that you've had on all of us here at the American Family Children's Hospital.
